

[Tools needed]

craft bond glue, glue stick, scissors, utility knife, cutting mat, ruler, pencils, toothpick, sand paper, wet towel, tweezers, nippers, scotch tape

[Not necessary but convenient]

tray for parts, glue-gun, papers

[Materials included]

paper parts

* Images may vary to actual contents. * For materials in this kit, their colors, shapes, sizes and pattern may vary, due to manufacturing process. Natural wooden plates are naturally generated, their colors and wood grain will not be identical. * The wooden plate may warp slightly due to excessive humidity. * It is possible that prints on the films may be affected when they were folded, or scratched by nails, scissors or other hard objects.

[About Preserved moss]

* Preserved moss may get on your clothes, wall or floor. * If moss is exposed to fluorescent light or direct sunshine for long time, the colors may fade. Store in a cool, dry place away from direct sunlight. * Depending on

Caution!

Keep out of reach of children and pets. Maybe harmful if swallowed.

Manufacturer: Eruberu Co., Ltd

2-1-20 Ekimae Ibaraki Osaka Japan <https://eruberu.co.jp/>

Read the following before you start.

* Please check if the contents are all included. * Please refer to the images and TIP reference while building your model.

* You will need:

- a toothpick...to use bond glue.
- a wet towel... to wipe your hands and to clean your workspace.
- a paper... when using bond glue and to protect surfaces while working.
- tweezers... for detail work.
- A glue gun is also useful instead of bond glue.

* Please adjust the length of natural flowers and preserved moss based on the place where you want to use it. Divide the materials and dry run before finally fixing to the products.

* Printed images may be come off when rubbing the paper parts with an eraser or a wet towel.

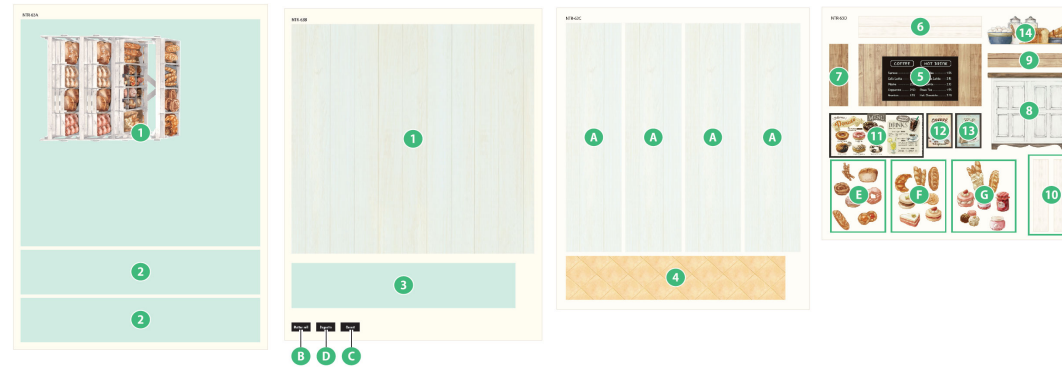

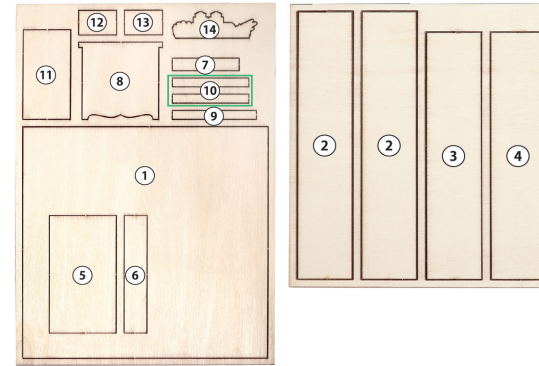

How to make

Separate the wooden pieces from the wooden plate

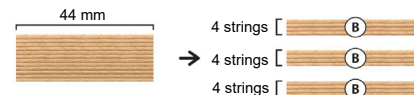

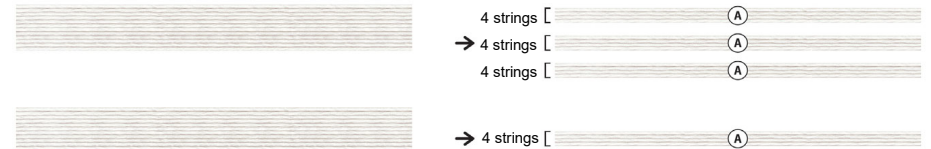

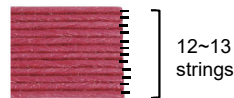

Cut off the wood pieces with craft knife as shown in the picture above.

Tip!
 * This wooden plate is laser processed. Wipe cut surfaces to remove dirt and dust before use.
 * Sand cut surfaces after

Cutting craft bands

Ensure use the correct color of band for each design element.

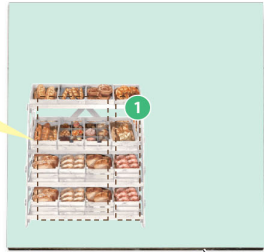

Please see numbers and letters: Paper parts ①~⑭ · A~G Wooden parts ①~⑭ Craft band A · B

Paste paper parts to corresponding wooden pieces. Cut the excess paper off with scissors or a craft knife.

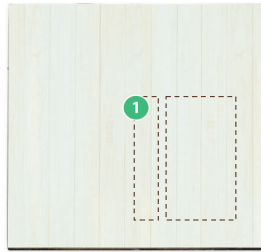

Create a base

1 Paste the paper parts to the wooden piece ①.

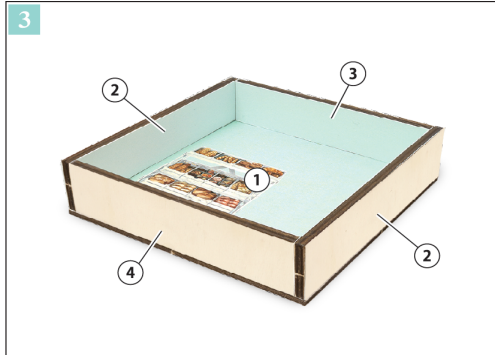

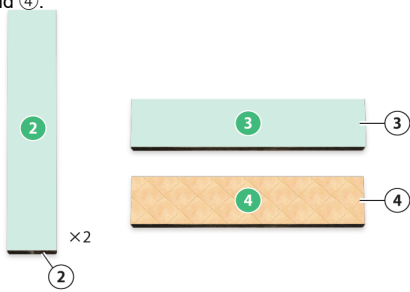

Cut ⑤ and ⑥ off before pasting ①.

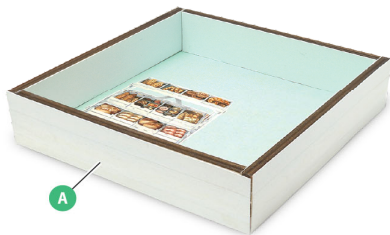

turn over

2 Paste the paper parts to the wooden pieces ②, ③ and ④.

4 Paste the paper parts to the wooden parts as below.

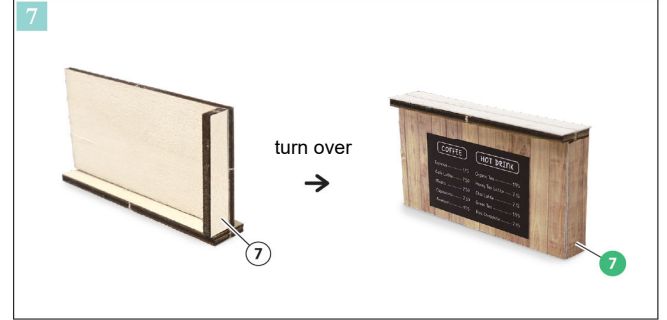

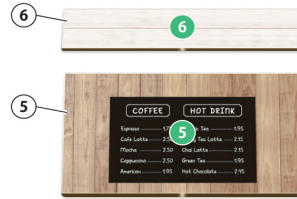

5 Cut an edge off the craft bands at 45 degrees and paste them on the rim.

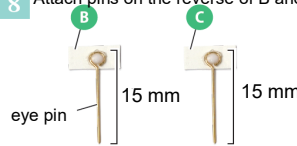

Create a counter

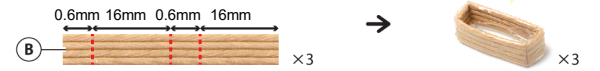

6 Paste the paper parts to the wooden pieces ⑤ and ⑥.

8 Attach pins on the reverse of B and C

9 Scribe lines on outside face and create baskets. Take care not to cut through the band. And wrap them with scotch tape as shown below.

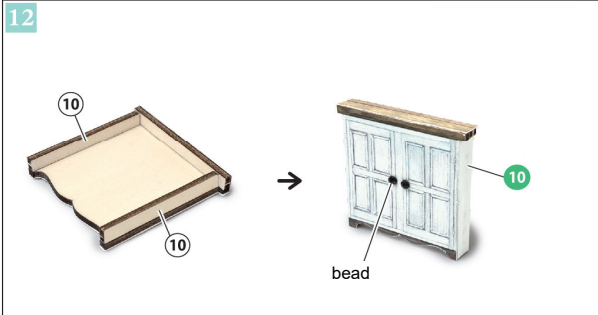

Create a shelf

11 Paste the paper parts to the wooden pieces ⑧ and ⑨.

Create small parts

13 Paste the paper parts to the wooden pieces ⑪, ⑫, ⑬ and ⑭.

Attach all the parts to the base
